

MASTER COURSE IN SHOULDER& KNEE

27th, 28th February & 1st March 2025

Retreat Auditorium, MIOT International, Chennai, India

Dear Colleague,

Greetings from the Indo-German Orthopaedic Foundation!

India has made massive strides in the fields of fitness and sports, as well as becoming an important player in the world when it comes to the delivery of healthcare. Chennai has always been the nerve centre of collaboration, discussion, debate, and progress in most areas of medical care and innovation in India. We are delighted to present a unique programme in **Shoulder and Knee Surgery**, which incorporates a dedicated physiotherapy and rehab session.

I take pleasure in inviting you to the upcoming **IGOF Master Course in Shoulder and Knee,** to be held in Chennai on 27th, 28th February & 1st March 2025. This event promises to be a remarkable blend of youth and experience as delegates in the field of orthopaedics from across the globe gather to share their knowledge and expertise.

I look forward to welcoming you in person to Chennai, the Healthcare Capital of India.

With warm regards,

mi tuhan

Dr. Prithvi Mohandas Secretary, IGOF

MIOT Launches Saw-Based, Surgeon-Controlled, Imageless Robotic Solution for Knee Replacement Surgery

MIOT has accomplished many achievements and earned several awards and honours from various countries, reflecting its leadership in orthopaedics. Being at the forefront of knee replacement surgery in India, MIOT further advances its medical technology with the state-of-the-art, saw-based, surgeon-controlled, imageless (radiation-free) robotic solution. This breakthrough technology transforms knee replacement surgery, improving precision and surgical outcomes.

Advantages

- Accurate bone cuts Balanced gaps
- Targeted alignments Less blood loss
- Reduced cardiopulmonary complications
- No pre-surgery CT scans avoiding harmful radiation, added cost, and time

First-hand experience with the robotic solution for knee replacement surgery

Medical professionals are invited to visit the saw-based, surgeon-controlled, imageless (radiation-free) robotic solution live stall at IGOF and gain first-hand experience with the robotic solution. Please register for free to secure your spot and take advantage of the opportunity to clarify your doubts directly with our highly experienced Knee Surgery Expert. Limited slots are available.

MY WORST CASE

1st March 2025 (9am - 9.30am)

This one-of-its-kind event on Day 3 is expected to receive a warm welcome from the attendees, as it is filled with personal experiences of some of the most renowned experts in orthopaedics. Experts come forward to share their worst encounters and throw more light to justify their stand on the case. Criticalities, unexpected events and crisis management would all be part of their discussion.

Experts to share their worst case:

THE GRAND ORTHOPAEDIC QUIZ

1st March 2025: Preliminary (7.00 am) Finals (8.00 am to 9.00 am)

IGOF organises the Grand Orthopaedic Quiz to test the sharpest IQs of some of the finest minds in the healthcare fraternity. The platform welcomes those medical professionals who have a penchant for the intricacies in the field of orthopaedics. The event offers an opportunity to stamp a seal of authority in the country's premier battle of the medical brains.

Participation Requisites:

- Should be a Postgraduate Trainee
- Each team should send CVs of all team members (Total 3 members per team) to registrations@igof.in

Accolades:

- Winning team shall be awarded a cash prize of Rs. 24,000/-
- First runners-up team shall be awarded a cash prize of Rs. 12,000/-
- Every participant shall claim their participation certificate

MOHANDAS-WELLER GOLD MEDAL AWARD

Pre-Lunch Session: 28th February 2025 & 1st March 2025

The prestigious Mohandas-Weller Gold Medal Award is conferred to young orthopaedic surgeons who can come up with innovative ideas or a distinguished presentation on a complex case. This award is an initiative to boost the budding talent to spread their lateral thinking across various interests in the field of orthopaedics and to attend complex scenarios with special interest, giving attention to details and to crack difficult problems.

Participation Requisites for Paper Presentation:

- Should be a postgraduate or young orthopaedic surgeon below 40 years
- The participants have to register and then submit the paper at the preview booth before 9am on the day of their presentation
- Only first 4 registrants (1 presentation by each) will be selected for this pre-lunch presentation
- Each presentation will be for 5 mins, with 2 mins for questions
